HAWKINS COUNTY DEPARTMENT

L. L. POATS, EDITOR.

SEVERAL OF the finest and most valusold to the highest bidder this THE UNITED STATES Senate is like a

whisky in each pocket-it is just as heavy on one side as it is on the other. Some PEOPLE say the new read law is worse than the dog law. It really seems to be exceedingly unpopular in this county as far as we have heard from the militia. Too many officers.

IF MAJ. PETTIBONE could succeed in

THE NEW road law requires commiseach year without pay. If their ser-This is not so bad.

OUR LITTLE cousin Billy fights like a times when he gets his bind claws well stuck in. Go it, Billy. We have seen you fight where the bullets were flying.

vice, to shoot, speer or kill with giant be improved as soon as passible to the powder, fish-berries, or anything else, extent provided for in these estimates." subjects the offender to a fine of not According to the estimates made by OATS less than five nor more than fifty del- this officer it will require \$207,675 to FLOUR...... 2 75@3 00 lars. This will break up fishing for the make the Holston river navigable for obeyed. We think the Legislature set sufficient importance to engage the at- FEATHERS..... its coulter a little too deep.

THE LAW passed by the last Legislature requiring clerks of County Courts to keep a record of all the births, marriages and deaths in each county in the State, is a humbug. It cannot be executed. How is the clerk going to find out these things? He can find out about marriages of course, because a fellow has to get a license to marry, but he permission of any officer or any act of the Legislature. We say that law is a

WE HAD on our table last week three specimens of marble from the Chesnutt quarry, in Hawkins county, two of show that quarry to possess as fine and as rich marble as any vet opened in East Tennessee. They are really beau-Mattings, Table Linens, Napkins, East Tennessee. They are really beautiful. The public will be interested in knowing that the Messrs. Chesnutt are quarrying and shipping large quantities of this splendid variegated stone for manufacture in the Eastern and Northwestern cities. East Tennessee marble is being looked to from all parts of the country and the stone from Hawkins county heads the list. When a coffin. fellow from any other county finds an extra fine block he pelishes it up and remarks, "that is almost equal to Hawkins county."

> THE NEW road law will create eight or ten thousand officers in the State to be paid a dollar a day for their services. This is a big thing, and will please the fellows who get the places if it pleases no one else. An old chap named Vermillion was once a candidate for constable. He had a hot race of it, but am elected, and I am constable." the day the wether cleared. Courts in the State get through with their work and all the Boards of Commissioners get done electing overseers, &c., &c., we will all have an office. But we are going to wait and sec how the old thing works.

Æsor TELLS us in one of his fables of a man who once owned a goose that laid a golden egg every day. For a while the man fed that goose regularly and took great care of the fowl. He was gradually grewing rich. Avarice, however, finally got the better of his hoping thereby to get all the gold at the Baccalaureate sermon to the to say \$6,000, in Hamblen county. If out to laberers every week for hauling, &o., and to railroad employees amounts goes directly into the pockets of the common people-it finally makes its way into the hands of the farmers for bread, bacon, sheep, lard, butter, poulof which we would lose if the railroad should be breken down. Now, we want to ask the members of our County Court a question. Is it right to burden this read with a heavy tax? As the that road go free? In other words, are port Sentinel. you not killing the goose that lays you a golden egg?

IT WILL be remembered that a United States officer passed down Holston river late last fall examining the various shoals and obstructions to navigation in mite nitro-glycerine, carbon, concensaid stream. That officer was Maj. W. trated sulphuric acid, and fulminate Z. Sanborn, of the U. S. Engineer corps. of mercury, which were separated He has made his report of the examina- by glass tubes and other contrivan-

that \$242,913 will open a channel 60 to 80 feet wide and 16 inches deep at ex- feathers at Mrs. Flynn's. treme lew water, for steamboat navigation, as far up as Kingsport or the mouth of the North Fork, and to remove all obstructions down to low-water mark above that point, to facilitate the descent of rafts or flatboats, on the North Fork as high up as Saltville, Va. He shoals are the most troublesome places prices. in the Holston river and estimates the cost of making a channel through them, pair of saddle-bags with a bottle of each, at, for Long's upper sheals, \$17,-000; Long's lewer sheals, \$1,600; Poer price, at Mrs. Flynn's. Valley sheals, \$22,000. Some of the smaller sheals are as follows: Christian's, \$2,800; Surgoinsville, \$1,800; Miller's, \$3,500; Burem's, \$2,600; Big Creek, \$2,500; Cloud's, \$3,000; Mooney's splendid stock of everything in this \$3,775; Anderson's, \$3,000, and various others for less. The full amount required to clean out Holston from the getting an appropriation of two hun- mouth of North Fork to Stroud's Spring for 1000 feet for walnut logs, at our dred and ten thousand dollars from Con- Run in Grainger is \$127,765. How Watches are Made,

It will be apparent to any one, who will examine a SOLID GOLD WATCH, that aside from the necessary thickness for engraving and polishing, a large proportion of the precious metal used, is need ed only to stiffen and hold the engraved portions in place, and supply the neces sary solidity and strength. The surplus gold is actually needless so far as UTIL-ITY and beauty are concerned. In JAS BOSS' PATENT GOLD WATCH CAovercome, and the SAME SOLIDITY AND STRENGTH produced at from one-third 'you are constable too." Little Sam, and immense crowds along the road to one-half of the usual cost of solid the youngest boy, was at the foot of the stood with uncovered heads during cases This process is of the mest simold folks' bed; he pepped his head up, the passage of the procession. It was ple nature, as follows: a plate of nickle and said, "Pap, ain't I a constable, too?" met at the southern door of the composition metal, especially adapted "Yes." "And is Bill a constable?" church by the Vicar, who began gold soldered one on each side. The to the purpose, has two plates of solid Tom?" "Yes, yes; hush, you little rascal, and go to sleep, we are all conheads. The services in the church heavy plated composition, from which has Bayless, that the defendant, W. F. Crane, is a "Yes." "And Jack!" "Yes." "And reading the burial services, the con- three are then passed between polished stables!"
